HIGHLIGHTS OF WRV 2693

- Taller hybrid with medium ear placement
- Excellent performance as a silage option in yield and quality vs other dual purpose hybrids
- Very good late season intactness with strong roots
- Outstanding grain yields with above average silage yields
- Tremendous yield performance over several years and multiple soil types, consistent from field to field
- Recommend planting population of 32-34,000 planting populations
- With excellent stalk strength higher populations on high fertility fields will maximize return/acre.
- Average Gray Leaf Spot and Northern Leaf Blight disease tolerance
- Can handle corn on corn fields due to solid agronomic package.
- Available as Smartstax Refuge In a Bag Complete
